Education

Xi'an Jiaotong University B.Eng. in Computer Science Sep 2023 – Jun 2027
Activities: XJTU Dragon & Lion Dance Association (Feb – Jul 2024); XJTU PSA English Association (Sep 2024 – Present).

Internship

GDP Labs (Base: Jakarta, Indonesia) | **Software Developer Intern** Jul 2026 – Sep 2026
Customer Service Digital Employee (CS-DE) · third-party ticketing integration and lower cost per conversation

- **Ticketing integration:** region-scoped board data fetching, ticket create / update from chat, and PDF / DOCX drafts.
- **Model migration:** profiled token usage and migrated LLMs, cutting model cost to **8%** of baseline (**11.8×** cheaper) at **26/27** correctness (baseline 27/27).
- **Adversarial verification:** tested for falsely reported success; rejected a cheaper model that failed the write-authorisation guard.

Projects

Personal Portfolio Website | jteh37449.github.io Aug 2026 – Sep 2026
Personal project · HTML, CSS, JavaScript, GitHub Pages · github.com/jteh37449/jteh37449.github.io

- **Bilingual, two themes:** one page set switches English / Chinese; flash-free light / dark theme, WCAG AA contrast.
- **Robustness:** JS-gated animations with a timer failsafe, so crawlers never see a blank page; scraper-proof email.

Chat-Space | **Real-time MERN Chat App** May 2025 – Jun 2025
Personal project · MongoDB, Express, React, Node.js, Socket.IO · github.com/jteh37449/Chat-Space

- **Real-time messaging:** full-stack app with Socket.IO bi-directional transport; messages arrive without polling.

Kaggle × Google | **Efficient Chess Engine** Dec 2024 – Feb 2025
Engine capped at 5 MiB RAM, one 2.20 GHz core and a 64 KB submission

- **Constrained optimisation:** benchmarked open-source engines; optimised one to fit without losing strength.
- **Result:** **18th** of 1120 teams (top **2%**), Kaggle Competition Silver Medal.
