EDUCATION

Xi' An Jiaotong University | Computer Science | Xi' An City, Shaanxi Province | 09/23 ~ 06/27

- **Activities:** PPI Xi'an (Indonesian Student Association) Committee 09/23~07/24; XJTU Dragon & Lion Dance Association 02/24~07/24; XJTU PSA English Association 09/24~Present

SKILLS

- Computer Language : **C++, C, Python, PyTorch, React, Node.js**
- Practical Skills : **Object-oriented programming, Operating Systems, Competitive programming, Fullstack development, Agentic Coding**
- Social Language : **Fluent** communication in **English, Chinese, and Indonesian** language.

PROJECTS / EXPERIENCE

- GDP Labs Software Developer Internship (07/26 ~ 09/26)
Context: a customer-service digital employee (CS-DE) needed third-party ticket integration and lower cost per conversation. **Action:** added region-scoped board data fetching, ticket create/update and PDF / DOCX drafting from chat; profiled token usage and migrated the agent across LLMs with adversarial checks for falsely reported success. **Result:** cut model cost to **8% of baseline (11.8x cheaper)**, holding correctness at 26/27 against a 27/27 baseline; rejected a cheaper model that failed the write-authorisation guard.
- Kaggle x Google Competition Chess Engine Design (12/24 ~ 02/25)
Context: engine capped at 5 MiB RAM, one 2.20 GHz core and a 64 KB submission. **Action:** benchmarked open-source engines and optimised one to fit without losing playing strength. **Result:** 18th of 1120 teams (top 2%), Kaggle Competition Silver Medal.
- MERN Stack Chat App (05/25 ~ 06/25)
Context: needed message delivery without polling. **Action:** built a full-stack app on MongoDB / Express / React / Node.js with Socket.IO bi-directional transport. **Result:** released open-source on GitHub.

ACHIEVEMENT

- Codeforces.com Top 3% Users (Candidate Master) **Present Days**
- Baidu Star Competitive Programming Competition Finals Bronze Medalist **12/25**
- Matiji.net National Competitive Programming Competition Silver Medalist **07/25**
- 2025 ICPC Shaanxi Provincial Contest Silver Medal **05/25**
- 2025 National Finals of the Team Programming Ladder Competition Second Prize Winner **04/25**
- Harvard University's CS50x 2025 Puzzle Day Winner **03/25**
- Kaggle FIDE & Google Efficient Chess AI Challenge Silver Medal, 18 / 1120 teams (Top 2%) **12/24 ~ 02/25**
- China Computer Federation (CCF) NOI-Pre Problem Bank Tester, 100 hours volunteer service **2024 ~ 2025**
- Problem tester for Codeforces Rounds 1050 / 1074 / 1089 / 1119, TLX TROC #43 and COMPFEST 18 SCPC **2025 ~ 2026**
- Excellence Award, 4th XJTU 3-Minute Academic English Speech Competition **11/24**
- 4th International Chinese Traditional Sports Championship – 6th, Traditional Dragon Dance **06/24**, and more
